BEAUMONT

— T E X A S —

TO: City Council

FROM: Kyle Hayes, City Manager

PREPARED BY: Laura Clark, Chief Financial Officer *LC*

MEETING DATE: May 19, 2015

REQUESTED ACTION: Council consider a resolution approving the City of Beaumont Investment Policy.

BACKGROUND

State law mandates the City Council to review the Investment Policy and approve modifications, if any, on an annual basis. The City last made amendments to the Investment Policy on May 6, 2014 through resolution 14-104. No amendments are being proposed to the policy by the City nor being required due to a change in legislation.

FUNDING SOURCE

Not Applicable.

RECOMMENDATION

Approval of resolution.

RESOLUTION NO.

BE IT RESOLVED BY THE CITY COUNCIL

OF THE CITY OF BEAUMONT:

THAT the City of Beaumont Investment Policy, substantially in the form attached hereto as Exhibit "A," has been reviewed and is hereby in all things adopted.

PASSED BY THE CITY COUNCIL of the City of Beaumont this the 19th day of May, 2015.

- Mayor Becky Ames -

Investment Policy

City of Beaumont Investment Policy

I. Introduction

It is the policy of the City of Beaumont to invest public funds in a manner that will ensure that the investments are duly authorized, properly managed, adequately protected and fully collateralized. The City shall seek the optimum investment return with the maximum security while meeting daily cash needs and conforming to the City Charter, the Public Funds Investment Act (Chapter 2256, Government Code as amended) and all other state and local statutes governing the investment of public funds.

II. Scope

This Investment Policy applies to all financial assets of the City as accounted for in the City's Comprehensive Annual Financial Report. These include General, Special Revenue, Debt Service, Capital Projects, Enterprise, Internal Service, and Permanent Funds. All are pooled for investment purposes except debt service and debt service reserve funds, and the natural gas account. Interest is allocated monthly to each fund based on its individual cash balance.

III. Prudence

Investments shall be made with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived. The "prudent person" standard shall be applied in the context of managing the total portfolio rather than a single investment providing that the decision was consistent with this Investment Policy.

Investment Officers acting in accordance with written procedures and the Investment Policy and exercising due diligence shall be relieved of responsibility for an individual investment's credit risk or market price changes provided that deviations from exceptions are reported in a timely fashion and appropriate action is taken to control adverse developments.

IV. Objectives

The primary objectives, in priority order, of the City's investment activities shall be safety of principal, liquidity, public trust, and yield.

A. Safety of principal

The City has as its foremost objective to ensure the safety of principal. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of principal in the overall portfolio. To attain this objective, diversification is required in order to eliminate an over-concentration of assets in one institution, maturity or type of investment, where appropriate.

B. Liquidity

The City's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements that might be reasonably anticipated. The portfolio shall be constructed so that investment maturities are matched with forecasted cash flow requirements and limited by investments with an active secondary market or convertible to cash with little or no penalty.

C. Public Trust

Investment Officers shall seek to act responsibly as custodians of the public trust. Investment Officers shall avoid any transaction that might impair public confidence in the City's ability to govern effectively.

D. Yield

The City's investment portfolio shall be designed with the objective of attaining a rate of return that is consistent with risk limitations and cash flow characteristics of the City's investments.

V. Delegation of Authority

Authority to manage the City's investment program is derived from the City Charter (article VII, section 1-2). The Charter designates the City Manager as Director of Finance who shall have custody of all public funds, investments, bonds and notes of the City and be responsible for their safekeeping. The City Manager shall establish written procedures for the operation of the investment program consistent with this Investment Policy that include explicit delegation of authority to persons responsible for investment transactions. The City Manager shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

The City Manager, the Chief Financial Officer, and the City Controller are approved as Investment Officers of the City. Such approval of specific persons shall remain in effect until rescinded by the City Council or until termination of the person's

employment by the City. Investment Officers shall not deposit, withdraw, transfer or manage the funds of the City in a manner that is not consistent with the "prudent person" standard as described in section III of this Policy.

The City Council maintains the right to hire Investment Advisers to assist City staff in the investment of funds. Investment Advisers shall adhere to the spirit, philosophy and specific terms of this Policy and shall invest within the same objectives. The City Manager shall establish criteria to evaluate Investment Advisers, including:

1. Adherence to the City's policies and strategies;
2. Investment strategy recommendations within accepted risk constraints;
3. Responsiveness to the City's request for services and information;
4. Understanding of the inherent fiduciary responsibility of investing public funds; and
5. Similarity in philosophy and strategy with the City's objectives.

Selected Investment Advisers must be registered under the Investment Advisers Act of 1940 or with the State Securities Board. A contract with an Investment Adviser may not be for a term longer than two years and any contract, renewal or extension must be approved by the City Council.

VI. Ethics and Conflicts of Interest

Investment Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

Investment Officers shall disclose any personal business relationships with business organizations approved to conduct investment transactions with the City. They shall also disclose any specific individuals who seek to sell investments to the City and are related to the Investment Officer within the second degree by affinity or consanguinity, as determined under Chapter 573. Disclosure shall be filed with the Texas Ethics Commission and the City Council.

VII. Training

In order to ensure qualified and capable investment management, each Investment Officer shall attend at least ten (10) hours of training relating to investment responsibilities within 12 months after assuming such duties and shall continue to attend an investment training session consisting of at least ten (10) hours of instruction not less than once every two years thereafter. The two-year period shall begin on the first day of the City's fiscal year and consist of the two consecutive fiscal years after that date.

Training shall be in accordance with the Public Funds Investment Act and include education in investment controls, security risks, strategy risks, market risks, and compliance with State statutes governing the investment of public funds. All training shall be conducted by an independent source that has been approved by City Council. The approved "independent sources" to provide such training are: the Government Treasurers Organization of Texas, the Government Finance Officers Association, the Government Finance Officers Association of Texas, the Texas Municipal League, and the University of North Texas.

VIII. Selection of Broker/ Dealers, Financial Institutions and Investment Pools

Authorized investments shall only be purchased from those institutions selected and approved in accordance with this Policy.

Any business organization which seeks to execute investment transactions with the City shall provide a written instrument certifying that they have received and thoroughly reviewed the City's Investment Policy and have implemented reasonable procedures and controls in an effort to preclude investment transactions that are not authorized by this Policy. The certification, as shown by example in *Exhibit B*, must be signed by a qualified representative of the business organization. Investment Officers shall not buy any securities from a firm or make deposits with a fund, pool or financial institution that has not filed this instrument or a similar statement that is acceptable to the City. *Each time City Council approves a material revision to the Investment Policy, the certification should be sent to the approved business organizations along with the newly revised Investment Policy.*

A. Broker/Dealers

The City shall select broker/dealers by their ability to provide effective market access and may include "Primary Government Securities Dealers" or regional dealers that qualify under Securities and Exchange Commission (SEC) Rule 15C3-1 (uniform net capital rule). Broker/dealers selected must be members in good standing of the Financial Industry Regulatory Authority ("FINRA"), and be licensed by the State of Texas. Each broker/dealer will be reviewed by the Investment Officers and a recommendation will be made for approval by the City Council.

An "approved broker/dealer list", as shown in *Exhibit A*, shall be maintained by the Investment Officers at all times and approved by the City Council on an annual basis.

The City shall not enter into transactions with a broker/dealer until official City Council approval.

B. Public Depositories/Financial Institutions

The City Council shall select a primary depository as required by law. The primary depository as authorized by the City Council shall meet all requirements of the state law concerning depositories for municipal funds (Chapter 105, Government Code). The primary depository shall be selected through the City's banking services procurement process, including a formal Request for Application (RFA) issued in compliance with applicable State law, and offers the most favorable terms and conditions for the handling of City funds.

The City may also establish agreements with other financial institutions under separate contract for additional services that are necessary in the administration, collection, investment, and transfer of municipal funds. Such deposits will only be made after the financial institution has completed and returned the required written instruments and depository pledge agreements. No deposit shall be made except in a qualified public depository as established by State Law.

C. Investment Pools

Investment Officers may invest funds of the City through an eligible investment pool with specific approval by resolution of City Council and execution of a written agreement. To become eligible, investment pools must first meet all requirements of State Law. They shall provide the City with an offering circular that contains specific and detailed information, ***investment transaction confirmations***, and detailed monthly transaction and performance reports. Pools shall have advisory boards composed of qualified members representing participants and non-participants who do not have a business relationship with the pool. Before selection, pools shall be thoroughly reviewed and evaluated by the Investment Officers.

IX. **Authorized and Suitable Investments**

Authorized investments for municipal governments in the state of Texas are set forth in the Public Funds Investment Act, as amended. Suitable investments for the City are limited to the following:

- ◆ Direct Obligations of the United States or its agencies and instrumentalities that have a maximum stated maturity date of 5 years or less.
- ◆ Financial institution deposits placed with approved financial institutions as described above (section VIII-B) which have a maximum stated maturity date of 5 years or less and are insured by the Federal Deposit Insurance Corporation, or their successors; or secured as described in section XI Collateralization. Additionally, the City may execute certificates of deposit, and other forms of deposit, in any manner authorized by the Public Funds Investment Act.
- ◆ Fully collateralized direct repurchase agreements with a defined termination date of 90 days or less which are secured by cash or obligations of the United States or its agencies and instrumentalities and pledged with a third party other than an agent for the pledgor. Investment Officers may invest in repurchase agreements through an approved primary government securities dealer or an approved depository bank as described above (section VIII-A, B). Each issuer of repurchase agreements shall be required to sign a master repurchase agreement. For flexible repurchase agreements executed with bond proceeds, the defined termination date of 90 days or less may be waived to allow the term of the flexible repurchase agreement to more closely match the expected term of the bond project.
- ◆ No load money market mutual funds registered with and regulated by the Securities and Exchange Commission whose investment objectives include the maintenance of a stable net asset value of \$1 per share. Money market mutual funds must maintain a AAAM, or equivalent rating from at least one nationally recognized rating agency; and provide the City with a prospectus and other information required by the Securities and Exchange Act of 1934 and be specifically approved by City Council or purchased through the City's primary depository as an overnight investment tool. ***The City may not own more than 10% of the money market mutual fund's total assets.***
- ◆ Approved investment pools as described above (section VIII-C) which are continuously rated no lower than AAA, AAA-m or an equivalent rating by at least one nationally recognized rating agency .

Investments Not Authorized - The following investments are not authorized under this section:

- a. Obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pay no principal;

- b. Obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security collateral and bears no interest;
- c. Collateralized mortgage obligations that have a stated final maturity date of greater than ten years; and
- d. Collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

Not less than quarterly, the Investment Officers will monitor the credit rating for each held investment that has a Public Fund Investment Act required minimum rating. Any Authorized Investment that requires a minimum rating does not qualify during the period the investment does not have the minimum rating. Prudent measures will be taken to liquidate an investment that is downgraded to less than the required minimum rating. The City is not required to liquidate investments that were authorized investments at the time of purchase.

The purchase of stock is not an authorized investment for municipal governments. However, stock may be accepted as a donation, provided that it is held in accordance with the terms of the donation and sold as soon as it is advantageous to do so. Reinvestment of proceeds must be in accordance with authorized and suitable investments for the City as listed above.

X. Competitive Environment

It is the policy of the City to provide a competitive environment for all individual security purchases and sales, financial institution deposits, and money market mutual fund and local government investment pool selections. The Investment Officers shall develop and maintain procedures for ensuring competition in the investment of the City's funds.

XI. Collateralization

Collateralization will be required on all financial institution deposits and repurchase agreements. With the exception of deposits secured with irrevocable letters of credit at 100% of amount, the collateralization level shall be equal to at least one hundred two percent (102%) of the aggregate market value of the deposit or investment including accrued interest less an amount insured by the Federal Deposit Insurance Corporation. Evidence of the pledged collateral shall be documented by a custodial or a master repurchase agreement with the eligible collateral clearly listed in the agreement. Collateral shall be reviewed at least monthly to assure that the market value of the securities pledged equals or exceeds the related deposit or investment requirement.

Collateral requirements shall be in accordance with both the Public Funds Investment Act and the Public Funds Collateral Act. Collateral underlying repurchase agreements is limited to direct obligations of the United States or its agencies and instrumentalities.

The City shall accept a surety bond or the following investment securities as collateral on deposits and certificates of deposit:

- ◆ Direct obligations of the United States or its agencies and instrumentalities. Direct obligations of this state or its agencies and instrumentalities.
- ◆ Collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States and excluding those mortgage backed securities considered a high-risk mortgage security as described by Section 2257.0025 of the Government Code.
- ◆ Other obligations that are guaranteed or backed by the full faith and credit of this state or the United States or their respective agencies and instrumentalities.
- ◆ Obligations of states, agencies, counties, cities and other political subdivisions rated not less than A or its equivalent.
- ◆ Letters of credit issued by the United States or its agencies and instrumentalities.

Financial institutions serving as depositories will be required to sign a depository agreement with the City. The collateralized deposit portion of the agreement shall define the City's rights to the collateral in case of default, bankruptcy or closing and shall establish a perfected security interest in compliance with Federal and State regulations, including:

1. The agreement must be in writing;
2. The agreement has to be executed by the Depository and the City contemporaneously with the acquisition of the asset;
3. The agreement must be approved by the Board of Directors or designated committee of the Depository and a copy of the meeting minutes must be delivered to the City; and
4. The agreement must be part of the Depository's "Official Record" continuously since its execution.

XII. Safekeeping and Custody

Collateral shall be placed for safekeeping in a custodial account at the Federal Reserve Bank or at an institution not affiliated with a firm pledging collateral acceptable to the City. All safekeeping arrangements shall clearly define the responsibilities of each party and outline the steps to be taken in order for the City to gain access to the collateral in the event of a "failure". The custodial agreement shall be executed between the City, the firm pledging the collateral and the custodial institution, as applicable. All safekeeping receipts shall be delivered to the City and all collateral

(whether a pledge or substitution) shall be formally accepted and released by Investment Officers.

All security transactions, including collateral for repurchase agreements, entered into by the City shall be conducted on a delivery-versus-payment (DVP) basis. That is, funds shall not be wired or paid until verification has been made that the correct security was received by the safekeeping institution. Financial institution deposits, pool funds, and mutual funds are excluded from this requirement. The investment shall be held in the name of the City or on behalf of the City.

XIII. Diversification

The City will diversify its investments to eliminate an over-concentration of assets in any one security type or institution.

- ◆ Up to ninety percent (90%) par of the portfolio may be invested in direct obligations of the United States (U.S. Treasury Securities).
- ◆ Up to seventy percent (70%) par of the portfolio may be invested in U.S. Agency or Instrumentalities.
- ◆ No more than thirty percent (30%) par of the portfolio may be invested with any one U.S. Agency or Instrumentality.
- ◆ Up to one hundred percent (100%) par of the portfolio may be invested in investment pools for liquidity purposes with no more than eighty percent (80%) par of the portfolio invested in any one pool.
- ◆ No more than fifty percent (50%) par of the portfolio may be invested in money market mutual funds.

XIV. Investment Strategies

The City shall maintain a separate investment strategy for each of the fund types represented in the portfolio.

A. Pooled Fund Groups

Suitability – Any investment eligible in the Investment Policy is suitable for Pooled Fund Groups.

Safety of Principal – All investments shall be of high quality with no perceived default risk. Market price fluctuations will occur. However, managing the weighted average days to maturity of each fund's portfolio to

less than 365 days and restricting the maximum allowable maturity to three years using the final stated maturity dates of each investment will minimize the price volatility of the portfolio.

Marketability – Investments with active and efficient secondary markets are necessary in the event of an unanticipated cash flow requirement. Historical market “spreads” between the bid and offer prices of a particular security-type of less than a quarter of a percentage point will define an efficient secondary market.

Liquidity – Pooled Fund Groups require the greatest short-term liquidity of any of the fund-types. Short-term financial institution deposits, investment pools and money market mutual funds will provide daily liquidity and may be utilized as a competitive yield alternative to fixed maturity investments.

Diversification – Investment maturities should be staggered throughout the budget cycle to provide cash flow based on the anticipated operating needs of the City. Diversifying the appropriate maturity structure up to the three-year maximum will reduce interest rate risk.

Yield – Attaining a competitive market yield for comparable investment-types and portfolio restrictions is the desired objective. The yield of an equally weighted, rolling three-month Treasury Bill portfolio will be the minimum yield objective.

B. Debt Service Funds

Suitability – Any investment eligible in the Investment Policy is suitable for Debt Service Funds.

Safety of Principal – All investments shall be of high quality with no perceived default risk. Market price fluctuations will occur. However, by managing Debt Service Funds to not exceed the debt service payment schedule the market risk of the overall portfolio will be minimized. The stated final maturity date on investments purchased shall not exceed the debt service payment date unless excess funds are available. In that case, maximum maturities shall not exceed two (2) years from the date of purchase.

Marketability – Investments with active and efficient secondary markets are not necessary as the event of an unanticipated cash flow requirement is not probable.

Liquidity – Debt Service Funds have predictable payment schedules. Therefore investment maturities should not exceed the anticipated cash flow requirements. Financial institution deposits, investments pools, and money market mutual funds may provide a competitive yield alternative for short-term fixed maturity investments. A singular repurchase agreement may be utilized if disbursements are allowed in the amount necessary to satisfy any debt service payment. This investment structure is commonly referred to as a flexible repurchase agreement.

Diversification – Market conditions influence the attractiveness of fully extending maturity to the next “unfunded” payment date. Generally, if investment rates are anticipated to decrease over time, the City is best served by locking in most investments. If the interest rates are potentially rising, then investing in shorter and larger amounts may provide advantage. At no time shall the debt service schedule be exceeded in an attempt to bolster yield.

Yield – Attaining a competitive market yield for comparable investment-types and portfolio restrictions is the desired objective. The yield of an equally weighted, rolling three-month Treasury Bill portfolio shall be the minimum yield objective.

C. Debt Service Reserve Funds

Suitability – Any investment eligible in the Investment Policy is suitable for Debt Service Reserve Funds. Bond resolution and loan documentation constraints and insurance company restrictions may create specific considerations in addition to the Investment Policy.

Safety of Principal – All investments shall be of high quality with no perceived default risk. Market price fluctuations will occur. However, by managing Debt Service Reserve Fund maturities to generally not exceed the call provisions of the borrowing will reduce the investment’s market risk if the City’s debt is redeemed and the Reserve Fund liquidated. No stated final investment maturity shall exceed the shorter of the final maturity of the borrowing or five years. Annual mark-to-market requirements or specific maturity and average life limitations within the borrowing’s documentation will influence the attractiveness of market risk and influence maturity extension.

Marketability – Investments with less active and efficient secondary markets are acceptable for Debt Service Reserve Funds.

Liquidity – Debt Service Reserve Funds have no anticipated expenditures. The Funds are deposited to provide annual debt service payment protection to the City's debt holders. The funds are "returned" to the City at the final debt service payment. Market conditions and arbitrage regulation compliance determine the advantage of investment diversification and liquidity. Generally, if investment rates exceed the cost of borrowing, the City is best served by locking in investment maturities and reducing liquidity. If the borrowing cost cannot be exceeded, then concurrent market conditions will determine the attractiveness of locking in maturities or investing shorter and anticipating future increased yields.

Diversification – Market conditions and the arbitrage regulations influence the attractiveness of staggering the maturity of fixed rate investments for Debt Service Reserve Funds. At no time shall the final debt service payment date of the bond issue be exceeded in an attempt to bolster yield.

Yield – Achieving a positive spread to the applicable borrowing cost is the desired objective. Debt Service Reserve Fund portfolio management shall operate within the limits of the Investment Policy's risk constraints.

D. Natural Gas Account

Suitability – Any investment eligible in the Investment Policy is suitable for the Natural Gas Account.

Safety of Principal – All investments shall be of high quality with no perceived default risk. Market price fluctuations will occur. However, managing the weighted average days to maturity to less than 365 days and restricting the maximum allowable maturity to three years using the final stated maturity dates of each investment will minimize the price volatility of the portfolio.

Marketability – Investments with active and efficient secondary markets are necessary in the event of an unanticipated cash flow requirement. Historical market "spreads" between the bid and offer prices of a particular security-type of less than a quarter of a percentage point will define an efficient secondary market.

Liquidity – Natural Gas Account funds require moderate short-term liquidity. Short-term financial institution deposits, investment pools and money market mutual funds will provide daily liquidity and may be utilized as a competitive yield alternative to fixed maturity investments.

Diversification – Investment maturities should be staggered throughout the anticipated expenditure schedule. Diversifying the appropriate maturity structure up to the three-year maximum will reduce interest rate risk.

Yield – Attaining a competitive market yield for comparable investment-types and portfolio restrictions is the desired objective. The yield of an equally weighted, rolling three-month Treasury Bill portfolio will be the minimum yield objective.

XV. Internal Control

The City, in conjunction with its annual financial audit, shall perform a compliance audit of management controls on investments and adherence to the City's Investment Policy.

XVI. Performance Standards

The City intends to pursue an active versus a passive portfolio management philosophy. That is, investments may be sold or redeemed before they mature if market conditions present an opportunity for the City to benefit from the trade.

The investment portfolio shall be designed with the objective of obtaining a rate of return throughout budgetary and economic cycles that is consistent with risk limitations and cash flow needs of the City. "Weighted average yield to maturity" shall be the portfolio performance measurement standard.

XVII. Reporting

Investment Officers shall submit a monthly report to City Council summarizing the results of the City's investment activity. This report shall include the status of the current portfolio position, performance, trading activity, interest earnings, and collateral.

A quarterly report shall be submitted to the City Manager, as Chief Executive Officer, and the City Council detailing investment transactions and performance for the reporting period in accordance with State law. The report shall be jointly prepared and signed by all Investment Officers. It shall include a summary statement prepared for each fund type and a detailed listing that states the beginning market value, ending market value and fully accrued interest for the period. In addition, Investment Officers shall report on adherence to the City's investment strategies as expressed in this Policy.

In conjunction with the annual audit, the quarterly reports shall be formally reviewed by the City's independent auditor on an annual basis and the results of the review shall be reported to City Council.

XVIII. Investment Policy Adoption

The City's Investment Policy is hereby adopted by resolution of the City Council. The City Council shall review and approve the Policy on an annual basis. This Policy serves to satisfy the statutory requirement to define and adopt a formal investment policy.

TO: City Council

FROM: Kyle Hayes, City Manager

PREPARED BY: Laura Clark, Chief Financial Officer 

MEETING DATE: May 19, 2015

REQUESTED ACTION: Council consider a resolution approving a contract with Daddio's Burger/Novrozsky's of Beaumont, in the amount of \$63,269.78 for the 2015 Summer Food Service Program.

BACKGROUND

The Summer Food Service Program, which is funded by the U.S. Department of Agriculture and administered by the Texas Department of Agriculture (TDA), provides free, nutritious, and well-balanced meals for any child from one (1) to eighteen (18) years of age. This is the twenty-third year the Recreation Division has participated in the program. Last year 19,344 meals were delivered at a cost of \$2.90 per lunch for a total of \$ 56,097.60.

The 2015 program will begin on June 8, 2015 and continue through August 14, 2015. Lunches will be served Monday through Friday excluding Friday, July 3, 2015 before the Independence Day Holiday. Summer activities and games will be provided at each site before meals are served.

This year's program will provide lunches for forty nine (49) days at a cost of \$3.22 per meal at nine (9) locations throughout the City including, Cathedral of Faith Baptist Church, Perlstein Park, Northridge Apartments, Points North Apartments, Magnolia Park, Alice Keith Park, Sprott Park, Roberts Park and Central Park. A bid Tabulation is attached.

FUNDING SOURCE

U.S. Department of Agriculture.

RECOMMENDATION

Approval of resolution.

Consider approval of an ordinance canvassing the results of the May 9, 2015 City General Election

BEAUMONT

TEXAS

TO: City Council

FROM: Kyle Hayes, City Manager

PREPARED BY: Tina Broussard, City Clerk, TRMC

MEETING DATE: May 19, 2015

REQUESTED ACTION: Council to approve an Ordinance Canvassing the results of the City of Beaumont General Election which was held on the 9th day of May, 2015 to name a Mayor and four Councilmembers (Ward I, II, III and IV) and two (2) Councilmembers-At-Large; and ordering a Run-Off Election to be held in the City of Beaumont, Texas, on the 20th day of June, to determine who shall be Councilmember of Ward IV of the City of Beaumont

BACKGROUND

The Texas Election Code Section 67.003 requires that the election returns be canvassed, and thereby made official not later than the 11th day after election day. No candidate for Councilmember Ward IV received more than 50% of the votes cast making it necessary to call a runoff election for such position. Said runoff election is to be held between the two (2) candidates who received the greatest number of votes cast in the May 9, 2015, general election. A runoff election is to be scheduled for June 20, 2015.

RECOMMENDATION

Administration recommends approval of an Ordinance Canvassing the results of the City of Beaumont General Election which was held on the 9th day of May, 2015 to name a Mayor, four (4) Councilmembers (Ward I, II, III, IV), two (2) Councilmembers-At-Large; and ordering a Run-Off Election to be held in the City of Beaumont, Texas, on the 20th day of June, to determine who shall be Councilmember of Ward IV of the City of Beaumont.

BUDGETARY IMPACT

Funds are available in the City Clerk's Operating Budget

ORDINANCE NO.

DRAFT

AN ORDINANCE CANVASSING THE RETURNS
ELECTION OF THE CITY OF BEAUMONT HELD
MAY, 2015, FOR THE PURPOSE OF ELECTING
COUNCILMEMBERS-AT-LARGE, COUNCILMEMBERS
AND IV; AND ORDERING A RUN-OFF ELECTION
BEAUMONT, TEXAS, ON THE 20TH DAY OF
DETERMINE WHO SHALL BE COUNCILMEMBERS
PROVIDING FOR SEVERABILITY; AND PROVIDING

We have not
received the
numbers from the
County.

WHEREAS, the City Council of the City of Beaumont

general election on the 9th of May, 2015, and the election returns of the votes cast in said
election were canvassed for the following officials: Official for the office of Mayor; Officials
for the offices of Councilmember-At-Large, Officials for the offices of Councilmember
Wards I, II, III IV.

WHEREAS, after duly canvassing said returns, the City Council finds that the
votes cast at said election for the candidates for said offices are as follows:

Office of Mayor:

Votes

Percentage

Christopher "Unc" Jones

Becky Ames

Jude Paredes

Office of Councilmember at Large:

La' Fayette Spivey

W. L. Pate, Jr.

Gethrel "Get" Williams-Wright

Councilmember Ward I:

Alan B. Coleman

Claude F. Guidroz

Councilmember Ward II:

Mike Getz

Councilmember Ward III:

Audwin Samuel

Councilmember Ward IV:

Melanie Fontenot Smith

Gwendolyn Ambres

Robin Donatta Mouton

Whereas no candidate for Councilmember Ward IV received the necessary votes required by Charter to be elected, a run-off election is required.

NOW, THEREFORE, BE IT ORDAINED

BY THE CITY COUNCIL OF THE CITY OF BEAUMONT:

Section 1.

That the results of said regular City election be and the same are hereby declared to have been as set out herein, and the following named persons were elected to the respective positions subject to the taking of their oaths of office as provided by the laws of the State of Texas:

For Mayor: Becky Ames

For Councilmember-At-Large: W.L. Pate, Jr.

For Councilmember-At-Large: Gethrel "Get" Williams-Wright

Councilmember Ward I: Claude F. Guidroz

Councilmember Ward II: Mike Getz

Councilmember Ward III: Audwin M. Samuel

Section 2.

The City Council of the City of Beaumont further finds that notice of said election was duly and properly given as required by law, and that said election was duly held and returns thereof were duly made by the proper officials of said election and in all things according to law.

Section 3.

In accordance with the City Charter, the State Constitution and general laws of the State of Texas, a runoff election is hereby called and ordered for June 20, 2015, at which election all legally qualified voters residing in Ward IV of the City of Beaumont may vote for the purpose of electing a Councilmember for Ward IV.

The Mayor is hereby authorized to sign an Order and Notice of Municipal Runoff Election prescribed by the State of Texas. The Notice of Municipal Runoff Election shall be posted and published in accordance with the provisions of the Texas Election Code and the City Charter.

Section 4.

Said election shall be held in accordance with Chapter 271 of the Texas Election Code and as outlined in the terms of an agreement heretofore entered into with Jefferson County.

Section 5.

That said runoff election shall be held in the City of Beaumont between the hours of 8:00 a.m. and 5:00 p.m., Monday, June 8, 2015 through Saturday, June 13, 2015, polls will be closed on Sunday, June 14, 2015, and reopened between the hours of 7:00 a.m. and 7:00 p.m., Monday, June 15, 2015 and Tuesday, June 16, 2015 at the places listed in Exhibit "A" attached hereto and made a part hereof for all purposes.

Section 6.

That an electronic voting system, as described by Title 8 of the Texas Election Code, shall be used for said election.

Section 7.

That the following are hereby appointed officers of said election to serve at the Central Counting Station, which is hereby established at the Mid-County Office Building, 7963 Viterbro Road, Nederland, Texas: Manager of the Central Counting Station, Dr. Bruce Drury, Tabulation Supervisors, Jeff Ross; and Assistant Tabulations Supervisor, Paul Helejda.

Section 8.

The official ballots, ballot cards, and ballot labels, respectively, for the election shall be prepared in accordance with Title 5 of the Texas Election Code.

Section 9.

That the Jefferson County Clerk is hereby appointed clerk for early voting; and pursuant to Sec. 83.034 of the Texas Election Code, the appointment of Theresa Goodness as Deputy Early Voting Clerk is approved, said appointment being without additional compensation. The County Clerk may authorize as many additional clerks as are deemed necessary for the proper conducting of the election. Early voting by personal appearance shall be conducted at the main early voting location at the Jefferson County Court House, 1149 Pearl Street, Beaumont, Texas, or at the following early voting location: Theodore John's Library, 4255 Fannett Rd., Beaumont, Texas. The dates and times early voting is to be conducted is as follows:

Monday, June 8, 2015	8:00 a.m. to 5:00 p.m.
Tuesday, June 9, 2015	8:00 a.m. to 5:00 p.m.
Wednesday, June 10, 2015	8:00 a.m. to 5:00 p.m.

Thursday, June 11, 2015	8:00 a.m. to 5:00 p.m.
Friday, June 12, 2015	8:00 a.m. to 5:00 p.m.
Saturday, June 13, 2015	8:00 a.m. to 5:00 p.m.
Sunday, June 14, 2015	Closed
Monday, June 15, 2015	7:00 a.m. to 7:00 p.m.
Tuesday, June 16, 2015	7:00 a.m. to 7:00 p.m.

Section 10.

That early votes by personal appearance and by mail shall be conducted by an early voting ballot board consisting of a presiding judge and one clerk, and the County Clerk may authorize as many additional clerks as are deemed necessary. Early votes shall be canvassed and returned by the Early Voting Ballot Board to the Central Counting Station by 7:00 p.m. on election day.

Section 11.

The order in which the names of the candidates are to be printed on the ballot shall be determined by a drawing by the City Clerk, as provided by Section 52.094 of the Texas Election Code. The Clerk shall post a notice in the office, at least twenty four (24) hours prior to the date on which the drawing is to be held, of the time and place of the drawing, and shall also give personal notice to any candidate who makes written request for such notice and furnishes to the City Clerk a self-addressed, stamped envelope. Each candidate involved in the drawing, or a representative designated by the candidate, shall have a right to be present and observe the drawing.

Section 12.

That if any section, subsection, sentence, clause, or phrase of this ordinance, or the application of same to a particular set of persons or circumstances, should for any reason be held to be invalid or adjudged unconstitutional by a court of competent

jurisdiction, such invalidity shall not affect the remaining portions of this ordinance, and to such end the various portions and provisions of this ordinance are declared to be severable; and the City Council of the City of Beaumont, Texas, declares it would have passed each and every part of the same notwithstanding the omission of any such part thus declared to be invalid or unconstitutional, or whether there by one or more parts.

Section 13.

That all ordinances or parts of ordinances inconsistent or in conflict herewith are, to the extent of such inconsistency or conflict, hereby repealed.

PASSED BY THE CITY COUNCIL of the City of Beaumont this the 19th day of May, 2015.

- Mayor Becky Ames -
